BRIEF DESCRIPTION OF SUPPLEMENT RETIREMENT OR SURVIVORS PENSION PLAN IN FAVOUR OF THE PERSONNEL OR THE EXECUTIVES OF THE ENTERPRISE AND OF THE MEASURES TAKEN BY THE ENTERPRISE TO COVER THE RESULTING CHARGES

During the 1996 financial year, an agreement was signed between TMVW and Ethias regarding the creation of a fund that would ensure the coverage of pension obligations with regard to TMVW's statutory employees. This fund was created to satisfy TMVW's retirement and widows' pension obligations to its current and former employees in accordance with their remuneration status. Besides on 31 December 2015 € 12 millions were posted on reserves not available. Article 21 of the statutes stipulates that a resigning associate takes over the pension rights over the period while the member of personnel has been working for the intermunicipal company, pro rata the number of shares of the resigning associate for the activity(ies) for whom one wants to resign and for the period during which the resigning associate was an effective associate.

VALUATION RULES

1. Intangible fixed assets	valuation	depreciation method	depreciation %
laboratory research and development costs	acquisition value or manufacturing cost	linear	20
licenses and software	acquisition value	linear	14,29 - 10 - 20
goodwill	acquisition value	linear	100 - 50 - 5 - 3,33
2. Tangible fixed assets	valuation	depreciation method	depreciation %
land	acquisition value	-	-
buildings	acquisition value or manufacturing cost	linear	3
pumping stations, reservoirs, pipes	idem	linear + 20 % resid. value	1,33
branches and connections	idem	linear + 20 % resid. value	2,50
water meters	idem	linear	6,25
water distribution infrastructure within the territory of I.W.V.B.	idem	linear	3
equipment	idem	linear	50-33-30-20-10-5
equipment in pumping stations and reservoirs	idem	linear + 20 % restw.	2,5
roads and bridges	idem	linear	3,33 - 2
surfacing	idem	linear	10
footpaths and cycle tracks	idem	linear	5
street furniture and road signs	idem	linear	10
furnishings	acquisition value	linear	10
office equipment	acquisition value	linear	33 - 20 - 10
vehicles	acquisition value	linear	20

The global impact of the adaptation of the revision of the period of depreciation on branches and connections amounts € 8,5 mio increase of the depreciation expenses.

3. Financial fixed assets

the financial fixed assets are valued at acquisition value. Write-downs are posted in cases of long-term negative value or loss of value, as justified by the situation, profitability, and prospects.

4. Inventories

The inventories of raw materials and consumables are revalued according to the weighted average

cost method. If on the balance sheet date the fair market value of these goods is lower than their average cost, the lower of the two values will be used.

Orders in progress are valued at manufacturing cost. These manufacturing costs includes the acquisition cost of materials, the cost of work done by the company's own staff and the acquisition cost of work done by third parties (in this case subcontractors).

5. Investments and liquid assets

Balances at financial institutions are valued at face value.

6. Capital subsidies

Subsidies are valued ad face value. The rate at which the capital subsidies eligible for depreciation are gradually charged to the income statement parallels the depreciation schedule used for the fixed assets for which the subsidies were obtained.

7. Provisions for liabilities and charges

The following provisions are made:

- provisions for pensions in connection with future paments to employees who have retired prematurely (temporarily or permanently);
- provisions for major repair and maintenance work, intended to spread correctly the costs involved (which occur only once every several years) over the years concerned;
- provisions for other liabilities and charges in relation to pending disputes, disability benefits awarded, orders received and others.

Provisions for liabilites and charges are broken down individually according to the nature of the liabilities and charges involved. If a provision is no longer needed in full or in part, it is written back.

In cases where valuations of anticipated risks, possible losses, and devaluations are enevitably uncertain due to a lack of objective criteria, this is recorded in the notes, if the amounts involved may be material.

8. Liablilites and receivables

Liabilities and receivables are valued at face value.

Receivables are posted as doubtful when a legal procedure has been initiated for their collection, when they are included in a collective debt settlement procedure or budget supervision and when they are being handled via Belgium's "Lokale Advies Commissie" (Local Advisory Committee).

For doubtful accounts receivable, a write-down entry is posted (excluding VAT); the write-down percentage used depends on the receivable's likelihood of subsequent collection.

Receivables that have to be considered as uncollectible are deducted from the receivables balance. The following, among others, are considered uncollectible: receivables from customers who have been declared insolvent, receivables for which all procedures have been exhausted and receivables older than 36 months. Any VAT included in the uncollectible receivables will be recovered, if possible.

The rules pertaining to doubtful accounts receivable and write-down entries are not applied to receivables from partners and public entities.

9. Accruals and deferred income

Accruals and deferred income are valued at acquisition value. Attributable expenses are valued at face value. Regarding annual customer billings: due to the annual meter reading system, the used

Nr.	BE 0200.068.636	F 7
-----	-----------------	-----

quantity supplied but not yet been billed is calculated. The unbilled consumption is valued at the sales prices of the financial year.

CAPITAL SUBSIDIES

During the 2015 financial year a total of € € 9 903 651 in capital subsidies were granted by public administrations or institutions to support its sewerage activity.

ANNEXE TO THE ANNUAL ACCOUNTS

TMVW received a decision by the Service of Prior Decisions through which she can remain submitted to taxation as a corporation. However a clear condition was formulated. The amount of the other debts of € 15,3 millions has to be incorporated into capital in order to foreseen as much as possible in auto-financing and to reserve the necessary means for future investments. This incorporation has still to be implemented, after consultation of each associate. The obtained ruling doesn't express an ordeal about the transition to be completed.

ANNUAL REPORT

In accordance with the regulations of the Companies Code and the provisions of the Articles of Association, we are pleased to present our report on the activities of our company during its ninety-third financial year in 2015.

During the 1996 financial year, an agreement was signed between TMVW and Ethias regarding the creation of a fund that would ensure the coverage of pension obligations with regard to TMVW's statutory employees. This fund was created to satisfy TMVW's retirement and widows' pension obligations to its current and former employees in accordance with their remuneration status. To cover the debt stemming from past service-related obligations, the pension fund will receive annual contributions amounting to 39,1% of the total salaries used to calculate the pension contributions. As of 31/12/2015 TMVW's statutory employees' total pension reserve administered by Ethias amount € 83 244 488,48. Besides on 31 December 2015 € 12 millions were posted on reserves not available. Article 21 of the statutes stipulates that a resigning associate takes over the pension rights over the period while the member of personnel has been working for the intermunicipal company, pro rata the number of shares of the resigning associate for the activity(ies) for whom one wants to resign and for the period during which the resigning associate was an effective associate.

In accordance with Article 96, Paragraph 1 of the Companies Code, we hereby report that the management of the intermunicipal company assesses the risks on a regular basis and determines in consultation with the management bodies what measures and/or provisions are to be adopted. The company's IT systems are protected against intrusion by unauthorized parties through effective firewall and authentication systems. Virus scanners, restricted access to internal databases and off-site backup media storage complete the company's security policy. TMVW is not affected by such market risks as currency exchange rate fluctuations. The credit risk concentration with regard to accounts receivable is limited due to the large number of customers. Considering the information currently available and the experiences of past years, we see no risks that would pose a short-term threat to the intermunicipal company's development, results and position.

Interest and liquidity risk.

Any surplus cash balances are invested in a savings account which offers a higher interest rate than short-term deposit accounts. Any cash shortages are covered by, on the one hand, a € 15 million variable interest rate credit line, based on Euribor plus a fixed margin, which is considered adequate to meet TMVW's current and future short-term financial needs. On the other hand, Belfius Bank has made a commitment to TMVW to provide a credit line with an amount of € 400 million, to be drawn on during the 2009-2016 period. By means of long-term loans (with an interest rate based on the twenty-years IRS rate plus a fixed margin), or by issuing treasury certificates (the interest is a fixed margin above Euribor), € 308,0 million was taken up as on 31/12/2015.

All long-term loans have a fixed interest rate, with the exception of four loans with an interest rate structure that allowed TMVW to lower its interest rate significantly in exchange for a limited risk. The three loans with Belfius Bank will only have a negative effect in comparison with the initial situation if the 30-year interest rate falls more than 5.3 basis points below the short-term, 2-year interest rate. A loan at BNP Paribas Fortis Bank will only have a negative effect in comparison with the initial situation if the 6-month Euribor lies outside the 1% to 3% limits (during the period 2015-2017 these limits amount 1,25% and 4%). As of 31/12/2015, the total of outstanding loans not subject to interest rate risk was € 731 549 841,54; the total of the four outstanding loans subject to interest rate risk was € 37 388 275,82.

Debts to municipal partners are included in the balance sheet at face value. These debts are interest-free, in accordance with the agreed terms regarding the contribution of usage rights and remaining rights. In accordance with Article 77 of the Royal Decree dated January 30, 2001 to enforce the Companies Code, inspired by Article 27bis, paragraph 2, part 1, item c of the Royal Decree dated October 8, 1976, modified by the Royal Decree dated November 06, 1987, these interest-free debts are posted with a discount from the financial year 2014 on.

TMVW has entered into a statutory obligation to make annual contributions to a drinking water infrastructure fund proportionally to their numbers of D, D² and D^k shares. In 2003, TMVW opted to fully express the drawing rights in the accounts which are not reflected in the balance sheet.

Off balance sheet accounts at December 31st, 2015:

- Drinking water infrastructure fund obligation	189 307 209
- Works carried out by the drinking water infrastructure fund	177 963 072
- Net obligations sewerage division	241 503 001

Since a few years, TMVW is changing lead connections following works to the network or following customer demands. The systematic leadreplacement program, started in 2010, has come to its end. The goal was to comply with the severe standard of 10 ug/l, streets with lead connections were dealt with in a systematic way. Currently there remain only a few specific projects where, due to the location of the tubes (e.g. in the middle of the road), the replacement is synchronized as much as possible with bigger projects that will be started until 2018.

TMVW needs to comply with the cooperation agreement between the Flemish Region, the Walloon Region and the Brussels Capitol Region in relation to interregional intermunicipal companies.

TMVW received a decision by the Service of Prior Decisions through which she can remain submitted to taxation as a corporation. However a clear condition was formulated. The amount of the other debts of € 15,3 millions has to be incorporated into capital in order to foreseen as much as possible in auto-financing and to reserve the necessary means for future investments. This incorporation has still to be implemented, after consultation of each associate. The obtained ruling doesn't express an ordeal about the transition to be completed.

No circumstances are known to us that could materially affect the development of the intermunicipal company. No research and development activities are taking place within TMVW. Other than its headquarters in Ghent, TMVW has 59 branch offices, all situated in Flanders. There have been capital movements during the past financial year; we refer to VOL 5.7 for these. No shares have been acquired; also no shares have been acquired in a parent company or by a subsidiary company. No conflicts of interests occurred as defined in art. 523 of the Companies Code.

▪ KEY FIGURES FROM COMPANY ACCOUNTS

Balance sheet (in millions €)

2011	2012	2013	2014	2015
1.420,2	1.583,2	2.372,4	2.499,6	2.598,2

Investments Intangible and tangible fixed assets (in millions €)

2011	2012	2013	2014	2015
153,7	166,8	164,9	129,5	122,1

Fixed assets mainly include pipe systems for drinking water and waste water, infrastructure built in the context of the secondary services and road network divisions, and business infrastructure (buildings etc.).

The increase of the fixed assets is also explained by the contribution of remaining rights to the sewerage division. Besides there are the usual investments.

Turnover (in millions €)

2011	2012	2013	2014	2015
301,1	317,8	326,1	349,9	366,3

New activities within a larger area of activity had an impact on the turnover combined with the annual tariff changes.

**EBITDA¹ (in millions €)**

2011	2012	2013	2014	2015
59,0	71,6	73,4	119,1	100,8

EBIT² (in millions €)

Accruals and deferred income	25,0	40,5	25,9	13,3	12,6
Total liabilities	1.420,2	1.583,2	2.372,4	2.499,6	2 598,2

DEFERRED CHARGES AND ACCRUED INCOME

This account contains the addition that must be posted to revenues because billing for the consumption year takes place partly on an ex-post basis. The price increase applied to the entire water bill is also expressed in this account.

EQUITY

Equity rose as a result of expansion of the area of activity of the various divisions.

AMOUNTS PAYABLE AFTER MORE THAN ONE YEAR

In 2015 the debts rose because new loans were opened at credit institutions.

ACCRUALS AND DEFERRED INCOME

The change was largely accounted for by the change in the Mina fund.

FIGURAD

BEDRIJFSREVISOREN

**Statutory auditor's report to the general meeting of Tussengemeentelijke
Maatschappij der Vlaanderen vor Watervoorziening CVBA as of and for the year
ended 31 December 2015**

In accordance with the legal requirements, we report to you in the context of our statutory auditor's mandate. This report includes our report on the consolidated accounts as of and for the year ended 31 December 2015, as defined below, as well as our report on other legal and regulatory requirements.

Report on the consolidated accounts - unqualified opinion

We have audited the consolidated accounts of Tussengemeentelijke Maatschappij der Vlaanderen vor Watervoorziening CVBA ("the Company") and its subsidiaries (jointly "the Group") for the year ended 31 December 2015, prepared in accordance with the financial reporting framework applicable in Belgium. These consolidated accounts comprise the consolidated balance sheet as at 31 December 2015, the consolidated income statement for the year then ended and notes. The consolidated balance sheet total amounts to EUR 2.603.898.626,73 and the consolidated income statement shows a profit for the year of EUR 13.410.629,23.

Board of directors' responsibility for the preparation of the consolidated accounts

The board of directors is responsible for the preparation and fair presentation of these consolidated accounts in accordance with the financial reporting framework applicable in Belgium, and for such internal control as the board of directors determines, is necessary to enable the preparation of consolidated accounts that are free from material misstatement, whether due to fraud or error.

Statutory auditor's responsibility

Our responsibility is to express an opinion on these consolidated accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated accounts. The procedures selected depend on the statutory auditor's judgment, including the assessment of the risks of material misstatement of the consolidated accounts, whether due to fraud or error. In making those risk assessments, the statutory auditor considers internal control relevant to the Group's preparation and fair presentation of the consolidated accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

FIGURAD

BEDRIJFSREVISOREN

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the board of directors, as well as evaluating the overall presentation of the consolidated accounts.

We have obtained from the Company's officials and the board of directors the explanations and information necessary for performing our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unqualified opinion.

Unqualified opinion

In our opinion, the consolidated accounts give a true and fair view of the Group's equity and consolidated financial position as at 31 December 2015 and of its consolidated financial performance for the year then ended in accordance with the financial reporting framework applicable in Belgium.

Emphasis of matter

Without detracting from the assessment expressed above, we draw your attention to the note CONSO 7 of the annual accounts, whereby it is announced that T.M.V.W. has received the decision from the Dienst voorafgaandelijke Beslissingen (Service prior Decisions) being that the Company can remain subjected to the tax on non-profit corporations under the condition that the amount of the other debts of 15,3 million EUR needs to be incorporated in the capital.

Other matter

We draw attention to the fact that the Company must still execute the cooperation agreement between the Flemish Region, the Walloon Region and the Brussels Capital Region relating to cross-regional inter-municipal companies. This not only means that the inter-municipal company TMVW must be converted into an inter-municipal co-operation, but that it will also be profoundly restructured.

Report on other legal and regulatory requirements

The board of directors is responsible for the preparation and the content of the annual report on the consolidated accounts.

In the context of our mandate and in accordance with the Belgian standard which is complementary to the International Standards on Auditing (ISAs) as applicable in Belgium, our responsibility is to verify, in all material respects, compliance with certain legal and regulatory requirements. On this basis, we provide the following additional statement which does not modify our opinion on the consolidated accounts:

FIGURAD

BEDRIJFSREVISOREN

- The annual report on the consolidated accounts includes the information required by law, is consistent, in all material respects, with the consolidated accounts and does not present any material inconsistencies with the information that we became aware of during the performance of our mandate.

NAME OF THE CONSOLIDATING COMPANY ~~OR THE CONSORTIUM~~ ^{(1) (2)} :
 TMVW
 Legal form: Cooperative company with limited liability
 Address: Stropstraat Nr.: 1 Box:
 Postal code: 9000 Municipality: Gent
 Country: Belgium
 Register of Legal persons – commercial court: Gent, Division Gent
 Website⁽³⁾ : www.farys.be

Company identification number

BE 0200.068.636

CONSOLIDATED ACCOUNTS presented to the general meeting of

17 / 06 / 2016

regarding the period from

01 / 01 / 2015

to

31 / 12 / 2015

Preceding period from

01 / 01 / 2014

to

31 / 12 / 2014

The amounts for the preceding period ~~are~~ ⁽¹⁾ identical to the ones previously published.

COMPLETE LIST with name, surnames, profession, address (street, number, postal code and municipality) of DIRECTORS and MANAGERS of the consolidating company and of the AUDITORS that have revised the consolidated accounts

Martine DE REGGE
p/a Botermarkt 1, 9000 Gent, Belgium

Chairman of the board of directors
21/06/2013 - 21/06/2019

Frank BRUGGEMAN
Maurice Salzmannlaan 32, 9060 Zelzate, Belgium

Vice-chairman of the board of directors
21/06/2013 - 21/06/2019

Jan FOULON
Noordstraat 2 box C, 9600 Ronse, Belgium

Vice-chairman of the board of directors
21/06/2013 - 21/06/2019

Etienne SCHOUPPE
Kerselarenlaan 17, 1770 Liedekerke, Belgium

Vice-chairman of the board of directors
21/06/2013 - 21/06/2019

Resul TAPMAZ
p/a Botermarkt 1, 9000 Gent, Belgium

Vice-chairman of the board of directors
21/06/2013 - 21/06/2019

Included with these consolidated accounts are :
 - the consolidated annual report
 - the auditors report on the consolidated annual accounts

IN CASE THE CONSOLIDATED ACCOUNTS OF A FOREIGN COMPANY ARE SUBMITTED BY A BELGIAN SUBSIDIARY

Name of the Belgian subsidiary which deposits the accounts (article 113, § 2, 4^a of the Company Law)

Company identification number of the belgian subsidiary which deposits the accounts

Total number of pages deposited : 38 Number of sections of the standard form not deposited because they serve no useful purpose : 4.2, 4.3, 4.4, 4.7, 4.8, 4.16, 4.17, 4.18, 6

Ludy MODDERIE
general manager

1 F. Full consolidation

P. Proportional consolidation (in the first column disclose data proving joint control).

E1. Equity method used in an associated company (article 134, 1st al., 3° of the Royal Decree of 30 January 2001 in implementation of Company Law).

E2. Equity method used in a subsidiary company over which the consolidating company has a de facto control of which the inclusion in the consolidated accounts would be incompatible with the principle of a true and fair view (article 108, § 1 of the aforementioned Royal Decree).

E3. Equity method used in a subsidiary company which is in liquidation, which has decided to cease activities or which can no longer be considered as carrying on the business (article 109 and 110 of the aforementioned Royal Decree).

E4. Equity method used in a joint subsidiary company where its activities cannot be closely integrated into the activities of the enterprise having the joint control (article 134, second al. of the aforementioned Royal Decree).

2 If a change in the percentage of the proportion of capital held entails a change in the accounting method for the inclusion in the consolidated accounts, the new method will be followed by an asterisk.

3 Proportion of the capital of those enterprises being held by the enterprises included in the consolidated accounts and persons acting in their own names but on on these enterprises.

4 If the composition of the consolidated aggregate is characterised by a significant change of this percentage during this period, additional information is provided in statement V (article 112 of the aforementioned Royal Decree).

CONSOLIDATION CRITERIA AND CHANGES IN THE CONSOLIDATION SCOPE

Information and criteria governing the application of full consolidation, proportional consolidation and the equity method as well as those cases in which these criteria are departed from, and justification for such departures (Pursuant to Article 165, I. of the Royal Decree of 3 January 2001 in implementation of Company Law).

Full consolidation method

The full consolidation method is used in case of (legal or factual) control by a parent company. The value of the shares of the subsidiary is eliminated against the acquired part in the equity on the date of acquisition or on the day the company becomes a subsidiary. The possible difference between both is regarded as the first consolidation difference which represents an additional charge (goodwill) or a less-price (badwill or first negative consolidation difference). Also the interests of third parties (or minority interests) are expressed. Full consolidation further means that all assets, liabilities and results are regarded as belonging to the group, whereby the intragroup balances and transactions are eliminated.

Proportional method

The proportional consolidation method is applied by the consolidation of common subsidiaries, if the associates agreed that decisions about the orientation of the policy of the involved subsidiaries will not be made without mutual consent. The components of assets and liabilities, rights and commitments, income and costs of common subsidiaries are withheld in proportion of the amount of holding of the consolidating company into the consolidated companies.

Equity-method

When the maintained interests in a company allow the parent company to exert a considerable influence, without yet speaking of genuine control, the book value of this participation is replaced in the balance sheet by the share in the value of the equity on which this mentioned participation is entitled. The arisen difference which is normally positive, is added to the consolidated equity of the Group. Inversely the dividends taken in the results of the parent company, are replaced by the share of the last mentioned in the results of the company on which the equity-method is applied. This share is withheld in a global way without any further precision. As the rest of the items of the balance sheet and the income statement are not influenced, there is no need to eliminate the mutual operations and balances.

Consolidation scope

Since the 2014 exercise FARYS cvba (cooperative company with limited liability) and Farys Solar bvba (private company with limited liability) are withheld in the consolidation according to the full consolidation method. FARYS cvba, erected on June 26, 2014, was in 2015 for the first time integrated into the consolidation based on a complete exercise.

Within the TMVW-group the equity-method is applied on de associations charged with mission I.W.V.B. en IMWV, with which TMVW is associated, and well since she, according to the applicable legislation concerning the associations charged with mission (decree of the Flemish Region of Juli 6th, 2001), owns no majority in the managing boards of those associations charged with mission. Further De Stroomlijn cvba and Synductis cvba belong to the consolidation scope; they are as well withheld according to the equity-method.

During the 2015 exercise TMVW sold her shares in water-link cvba. Therefore water-link cvba, together with her daughters Induss nv and Rio-Link nv, are no longer withheld in the consolidation scope since 2015 onward. During the 2014 exercise these 3 companies were included in the consolidation according to the proportional methode

Consolidation differences

The consolidation differences accord with the difference between the book value of the participations and the share of the equity of the consolidated companies on which those participations give right. The consolidation differences are divided between first consolidation differences and fluctuations of the booking period.

The first consolidation differences are calculated at the first integration of a company in the consolidated accounts. The first consolidated balance sheet of TMVW was made on 31st of December 2006. When a new company enters the consolidation scope the difference between the acquisition value of the participation and the share in the equity of the consolidated company is posted under heading 'consolidation differences' along the assets-side (when the acquisition value is higher than the share in the equity) or along the liabilities-side (in the other case).

Information which makes a comparison meaningful with the consolidated annual accounts of the previous financial period in case the composition of the consolidation aggregate in the course of the current financial period has changed significantly (Pursuant to Article 112 of aforementioned Royal Decree).

SUMMARY OF VALUATION RULES AND METHODS OF CALCULATING OF DEFERRED TAXES

Specification of the criteria for valuation of the various items in the consolidated financial statements, in particular:

- the application and adjustments of depreciation, amounts written down and provisions for liabilities and charges, and revaluations (pursuant to Article 165, VI.a. of the Royal Decree of 30 January 2001 in implementation of the Company Law).

- the bases of translation applied to express in the consolidated accounts items which are, or originally were, expressed in a currency other than the currency in which the consolidated accounts are stated, and the translation in the consolidated accounts of the accounting statements of subsidiaries and associated enterprises governed by foreign law (pursuant to Article 165, VI.b. of the aforementioned Royal Decree).

1. Consolidation differences	valuation	depreciation method	depreciation %
first consolidation difference		linear	20
2. Intangible fixed assets	valuation	depreciation method	depreciation %
laboratory research and development costs	acquisition value or manufacturing cost	linear	20
licenses and software	acquisition value	linear	14,29 - 10 - 20
goodwill	acquisition value	linear	100 - 50 - 5 - 3,33
3. Tangible fixed assets	valuation	depreciation method	depreciation %
land	acquisition value	-	-
buildings	acquisition value or manufacturing cost	linear	3
pumping stations, reservoirs, pipes	idem	linear + 20 % resid. value	1,33
branches and connections	idem	linear + 20 % resid. value	2,50
water meters	idem	linear	6,25
water distribution infrastructure within the territory of I.W.V.B.	idem	linear	3
equipment	idem	linear	50-33-30-20-10-5
equipment in pumping stations and reservoirs	idem	linear + 20 % restw.	2,5

office equipment	acquisition value	linear	33 - 20 - 10

vehicles	acquisition value	linear	20
----------	-------------------	--------	----

The global impact of the adaptation of the revision of the period of depreciation on branches and connections amounts € 8,5 mio increase of the depreciation expenses.

4. Financial fixed assets

the financial fixed assets are valued at acquisition value. Write-downs are posted in cases of long-term negative value or loss of value, as justified by the situation, profitability, and prospects.

5. Inventories

The inventories of raw materials and consumables are revalued according to the weighted average cost method. If on the balance sheet date the fair market value of these goods is lower than their average cost, the lower of the two values will be used.

Orders in progress are valued at manufacturing cost. These manufacturing costs includes the acquisition cost of materials, the cost of work done by the company's own staff and the acquisition cost of work done by third parties (in this case subcontractors).

6. Investments and liquid assets

Balances at financial institutions are valued at face value.

7. Capital subsidies

Subsidies are valued ad face value. The rate at which the capital subsidies eligible for depreciation are gradually charged to the income statement parallels the depreciation schedule used for the fixed assets for which the subsidies were obtained.

8. Provisions for liabilities and charges

The following provisions are made:

- provisions for pensions in connection with future payments to employees who have retired prematurely (temporarily or permanently);
- provisions for major repair and maintenance work, intended to spread correctly the costs involved (which occur only once every several years) over the years concerned;
- provisions for other liabilities and charges in relation to pending disputes, disability benefits awarded, orders received and others.

Provisions for liabilities and charges are broken down individually according to the nature of the liabilities and charges involved. If a provision is no longer needed in full or in part, it is written back.

In cases where valuations of anticipated risks, possible losses, and devaluations are inevitably uncertain due to a lack of objective criteria, this is recorded in the notes, if the amounts involved may be material.

9. Liabilities and receivables

Liabilities and receivables are valued at face value.

Receivables are posted as doubtful when a legal procedure has been initiated for their collection, when they are included in a collective debt settlement procedure or budget supervision and when they are being handled via Belgium's "Lokale Advies Commissie" (Local Advisory Committee).

For doubtful accounts receivable, a write-down entry is posted (excluding VAT); the write-down

percentage used depends on the receivable's likelihood of subsequent collection.

Receivables that have to be considered as uncollectible are deducted from the receivables balance. The following, among others, are considered uncollectible: receivables from customers who have been declared insolvent, receivables for which all procedures have been exhausted and receivables older than 36 months. Any VAT included in the uncollectible receivables will be recovered, if possible.

The rules pertaining to doubtful accounts receivable and write-down entries are not applied to receivables from partners and public entities.

10. Accruals and deferred income

Accruals and deferred income are valued at acquisition value. Attributable expenses are valued at face value. Regarding annual customer billings: due to the annual meter reading system, the used quantity supplied but not yet been billed is calculated. The unbilled consumption is valued at the sales prices of the financial year.

Future taxation and deferred taxes

Analysis of Heading 168 of the liabilities	(168)
Future taxation (Pursuant to article 76 of the Royal Decree of 30 January 2001 in implementation of Company Law)	1681
Deferred taxes (Pursuant to article 129 of aforementioned Royal Decree)	1682

Codes	Period
(168)

COMMITMENTS WITH RESPECT TO RETIREMENT AND SURVIVORS PENSIONS IN FAVOUR OF THEIR PERSONNEL OR EXECUTIVES, AT THE EXPENSE OF THE ENTERPRISES INCLUDED IN THE CONSOLIDATION

During the 1996 financial year, an agreement was signed between TMVW and Ethias regarding the creation of a fund that would ensure the coverage of pension obligations with regard to TMVW's statutory employees. This fund was created to satisfy TMVW's retirement and widows' pension obligations to its current and former employees in accordance with their remuneration status. Besides on 31 December 2015 € 12 millions were posted on reserves not available. Article 21 of the statutes stipulates that a resigning associate takes over the pension rights over the period while the member of personnel has been working for the intermunicipal company, pro rata the number of shares of the resigning associate for the activity(ies) for whom one wants to resign and for the period during which the resigning associate was an effective associate.

NATURE AND COMMERCIAL OBJECTIVE OF TRANSACTIONS NOT REFLECTED IN THE BALANCE SHEET

Nature and commercial objective of transactions not reflected in the balance sheet
Provided that the risks or advantages coming from these transactions are significant and if the disclosure of the risks or advantages is necessary to appreciate the financial situation of the companies that are included in the consolidation as a whole, the financial consequences of these transactions for the companies that are included in the consolidation as a whole have to be mentioned as well.

ANNUAL CONSOLIDATED REPORT

In accordance with the regulations of the Companies Code and the provisions of the Articles of Association, we are pleased to present our report on the activities of our company during its ninety-third financial year in 2015.

During the 1996 financial year, an agreement was signed between TMVW and Ethias regarding the creation of a fund that would ensure the coverage of pension obligations with regard to TMVW's statutory employees. This fund was created to satisfy TMVW's retirement and widows' pension obligations to its current and former employees in accordance with their remuneration status. To cover the debt stemming from past service-related obligations, the pension fund will receive annual contributions amounting to 39,1% of the total salaries used to calculate the pension contributions. As of 31/12/2015 TMVW's statutory employees' total pension reserve administered by Ethias amount € 83 244 488,48. Besides on 31 December 2015 € 12 millions were posted on reserves not available. Article 21 of the statutes stipulates that a resigning associate takes over the pension rights over the period while the member of personnel has been working for the intermunicipal company, pro rata the number of shares of the resigning associate for the activity(ies) for whom one wants to resign and for the period during which the resigning associate was an effective associate.

In accordance with Article 96, Paragraph 1 of the Companies Code, we hereby report that the management of the intermunicipal company assesses the risks on a regular basis and determines in consultation with the management bodies what measures and/or provisions are to be adopted. The company's IT systems are protected against intrusion by unauthorized parties through effective firewall and authentication systems. Virus scanners, restricted access to internal databases and off-site backup media storage complete the company's security policy. TMVW is not affected by such market risks as currency exchange rate fluctuations. The credit risk concentration with regard to accounts receivable is limited due to the large number of customers. Considering the information currently available and the experiences of past years, we see no risks that would pose a short-term threat to the intermunicipal company's development, results and position.

Interest and liquidity risk.

Any surplus cash balances are invested in a savings account which offers a higher interest rate than short-term deposit accounts. Any cash shortages are covered by, on the one hand, a € 15 million variable interest rate credit line, based on Euribor plus a fixed margin, which is considered adequate to meet TMVW's current and future short-term financial needs. On the other hand, Belfius Bank has made a commitment to TMVW to provide a credit line with an amount of € 400 million, to be drawn on during the 2009-2016 period. By means of long-term loans (with an interest rate based on the twenty-years IRS rate plus a fixed margin), or by issuing treasury certificates (the interest is a fixed margin above Euribor), € 308,0 million was taken up as on 31/12/2015.

All long-term loans have a fixed interest rate, with the exception of four loans with an interest rate structure that allowed TMVW to lower its interest rate significantly in exchange for a limited risk. The three loans with Belfius Bank will only have a negative effect in comparison with the initial situation if the 30-year interest rate falls more than 5.3 basis points below the short-term, 2-year interest rate. A loan at BNP Paribas Fortis Bank will only have a negative effect in comparison with the initial situation if the 6-month Euribor lies outside the 1% to 3% limits (during the period 2015-2017 these limits are 1,25% and 4%). As of 31/12/2015, the total of outstanding loans not subject to interest rate risk was € 731 549 841,54; the total of the four outstanding loans subject to interest rate risk was € 37 388 275,82.

Debts to municipal partners are included in the balance sheet at face value. These debts are interest-free, in accordance with the agreed terms regarding the contribution of usage rights and remaining rights. In accordance with Article 77 of the Royal Decree dated January 30, 2001 to enforce the Companies Code, inspired by Article 27bis, paragraph 2, part 1, item c of the Royal Decree dated October 8, 1976, modified by the Royal Decree dated November 06, 1987, these interest-free debts are posted with a discount from the financial year 2014 on.

TMVW has entered into a statutory obligation to make annual contributions to a drinking water infrastructure fund proportionally to their numbers of D, D² and D^k shares. In 2003, TMVW opted to fully express the drawing rights in the accounts which are not reflected in the balance sheet.

Off balance sheet accounts at December 31st, 2015:

- Drinking water infrastructure fund obligation	189 307 209
- Works carried out by the drinking water infrastructure fund	177 963 072
- Net obligations sewerage division	241 503 001

Since a few years, TMVW is changing lead connections following works to the network or following customer demands. The systematic leadreplacement program, started in 2010, has come to its end. The goal was to comply with the severe standard of 10 ug/l, streets with lead connections were dealt with in a systematic way. Currently there remain only a few specific projects where, due to the location of the tubes (e.g. in the middle of the road), the replacement is synchronized as much as possible with bigger projects that will be started until 2018.

TMVW received a decision by the Service of Prior Decisions through which she can remain submitted to taxation as a corporation. However a clear condition was formulated. The amount of the other debts of € 15,3 millions has to be incorporated into capital in order to foreseen as much as possible in auto-financing and to reserve the necessary means for future investments. This incorporation has still to be implemented, after consultation of each associate. The obtained ruling doesn't express an ordeal about the transition to be completed.

TMVW needs to comply with the cooperation agreement between the Flemish Region, the Walloon Region and the Brussels Capitol Region in relation to interregional intermunicipal companies. With this regard the preparations are ongoing.

No circumstances are known to us that could materially affect the development of the intermunicipal company. No research and development activities are taking place within TMVW. Other than its headquarters in Ghent, TMVW has 59 branch offices, all situated in Flanders. There have been capital movements during the past financial year; we refer to VOL 5.7 for these. No shares have been acquired; also no shares have been acquired in a parent company or by a subsidiary company. No conflicts of interests occurred as defined in art. 523 of the Companies Code.

▪ KEY FIGURES FROM CONSOLIDATED ACCOUNTS

Total balance sheet (in millions €)	2014	2015
	2.532,1	2.603,9
		-
Investments	2014	2015
(In)tangible fixed assets	137,2	128,4
(in millions €)		

Fixed assets mainly include pipe systems for drinking water and waste water, infrastructure built in the context of the secondary services and road network divisions, and business infrastructure (buildings etc.).

The balance sheet total rose mainly as a result of the increased sewerage network. Investments were also carried out as usual.

Turnover (in millions €)	2014	2015
	368,6	367,1

New activities within a larger area of activity had an impact on the turnover combined with the annual tariff changes.

EBITDA (in millions €)	2014	2015
	120,3	100,1
EBIT (in millions €)	2014	2015
	37,0	40,7

Solvency

Solvency is the ratio between equity and total liabilities. This remains high. A proportion of "debts" relate to amounts that will be paid to our shareholders in the future.

Equity/ Total liabilities	2014	2015
	58,4%	57,0%

Liquidity

The liquidity ratio is the ratio between short-term assets and short-term liabilities. The liquidity ratio remains stable, the short term liabilities being about at the same level as the short term assets.

Current assets/ Short term amounts payable	2014	2015
	1,0	1,1

▪ CONSOLIDATED BALANCE SHEET AFTER APPROPRIATION OF PROFITS (in millions €)

Assets (at 31/12)	2014	2015
Fixed assets	2 281,5	2 319,6
Amounts receivable after more than one year	5,0	5,5
Stocks and orders in progress	16,3	9,2
Amounts receivable within one year	113,2	146,1
Current investments	3,7	0,0
Cash at bank and in hand	5,7	3,8
Deferred charges and accrued income	106,7	119,7
Total assets	2 532,1	2 603,9

Liabilities (at 31/12)	2014	2015
Equity	1 480,0	1 485,3
Provisions and deferred taxes	9,0	13,4
Amounts payable after more than one year	807,6	845,5
Amounts payable within one year	222,0	247,1
Accruals and deferred income	13,5	12,6
Total liabilities	2 532,1	2 603,9

In the consolidated balance sheet the book value of the participations in De Stroomlijn, IMWV, I.W.V.B. and Synductis were replaced by the share in the equity.

▪ **CONSOLIDATED INCOME STATEMENT (In millions €)**

	2014	2015
Turnover	368,6	367,1
Operating profit (loss)	35,6	31,5
Financial profit (loss)	-26,9	-27,5
Extraordinary profit (loss)	1,6	9,7
Income taxes	0,0	-0,3
Gain (loss) of the period	10,3	13,4
Share in the result of the companies accounted for using the equity method	-1,3	2,6
Consolidated result	9,0	16,0

For further analysis, please refer to the 2015 annual report.

EXTRA INFORMATION

CAPITAL SUBSIDIES

During the 2015 financial year a total of € € 9 903 651 in capital subsidies were granted by public administrations or institutions to support its sewerage activity.

ANNEXE TO THE ANNUAL ACCOUNTS

TMVW received a decision by the Service of Prior Decisions through which she can remain submitted to taxation as a corporation. However a clear condition was formulated. The amount of the other debts of € 15,3 millions has to be incorporated into capital in order to foreseen as much as possible in auto-financing and to reserve the necessary means for future investments. This incorporation has still to be implemented, after consultation of each associate. The obtained ruling doesn't express an ordeal about the transition to be completed.

OTHER RIGHTS AND COMMITMENTS NOT REFLECTED IN THE BALANCE SHEET

TMVW makes part of the VAT unit with identification number BE0630.730.325.

The members of the VAT unit are engaged towards the state to satisfy the VAT, the interests, the fines and the costs as a result of the actions made by the members of the VAT unit.

VERSLAG VAN HET COLLEGE VAN COMMISSARISSEN

Overeenkomstig de wettelijke en statutaire bepalingen, hebben wij de eer u verslag uit te brengen over de ons toevertrouwde controleopdracht.

De verantwoordelijken van de vennootschap hebben altijd de ophelderingen en inlichtingen gegeven die wij hen hebben gevraagd.

De administratieve en boekhoudkundige organisatie van uw vennootschap en haar interne controlemaatregelen zullen onder de verantwoordelijkheid van de raad van bestuur verder aangepast worden aan de aard en de omvang van de vennootschap.

De boekhouding is gevoerd en de jaarrekening is opgesteld in overeenstemming met de wettelijke en bestuursrechtelijke voorschriften die daarop toepasselijk zijn.

Deze verklaring is gebaseerd op de controles door ons verricht na het opstellen van de jaarrekening door de raad van bestuur.

De maatschappelijke jaarrekening over het boekjaar 2015 waarvan het balanstotaal, € 2 598 167 110,62 en het resultaat € 14 348 815,82 bedraagt, is opgesteld rekening houdend met de wettelijke en bestuursrechtelijke voorschriften die daarop van toepassing zijn. Zij geeft een getrouw beeld van het vermogen, van de financiële toestand en van de resultaten van de vennootschap. In de toelichting wordt een passende verantwoording verstrekt van de gegevens van de balans en de resultatenrekening.

De bestemming van het resultaat die aan u wordt voorgelegd, is in overeenstemming met de wettelijke en statutaire bepalingen.

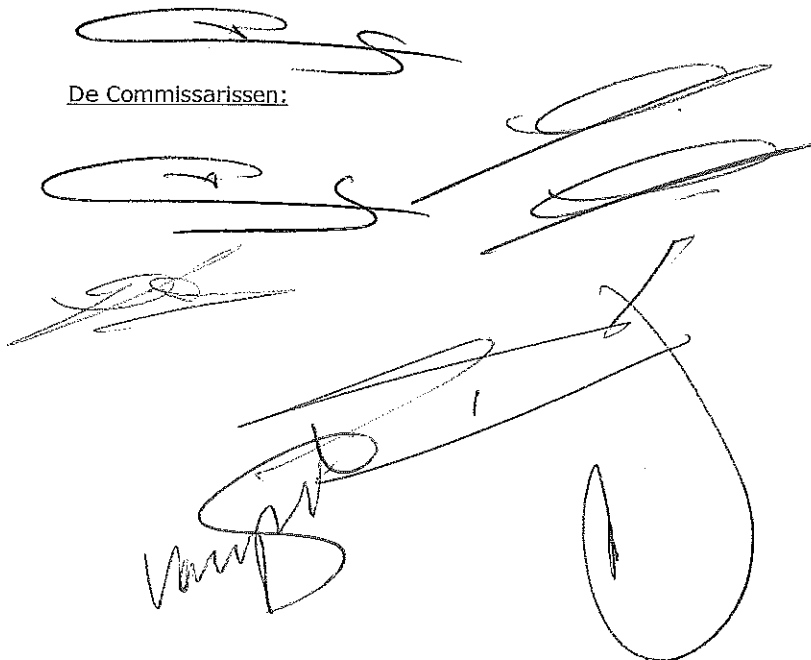

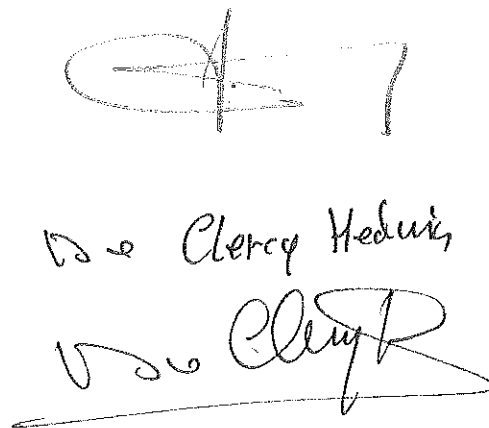

De geconsolideerde jaarrekening over het boekjaar 2015 waarvan het balanstotaal € 2 603 898 626,73 en het geconsolideerd resultaat € 13 410 629,23 bedraagt, is opgesteld rekening houdend met de wettelijke en bestuursrechtelijke voorschriften die daarop van toepassing zijn. Zij geeft een getrouw beeld van het geconsolideerde vermogen, van de financiële toestand en van de geconsolideerde resultaten van de vennootschap. In de toelichting wordt een passende verantwoording verstrekt van de gegevens van de geconsolideerde balans en resultatenrekening.

Het college van commissarissen

Gent, 23 mei 2016

De Voorzitter-Commissaris
Christophe PEETERS

De Commissarissen:

A collection of handwritten signatures in black ink, representing the members of the board of commissioners. The signatures are varied in style, with some being more stylized and others more legible. They are located on the left side of the page, below the text 'De Commissarissen:'.A handwritten signature in black ink, which appears to read 'Clercy Heduis'. Below the signature, the name 'Clercy' is written in a larger, more stylized font. This signature is located on the right side of the page.
